How to Extract

George Eliot Archive (split `.z01` – `.z14` + `.zip`)

Place all 15 files in the same folder, then:

macOS/Linux:

```
zip -s 0 backup-ge-archive.zip --out combined.zip
unzip combined.zip
```

Windows: Use 7-Zip: right-click `backup-ge-archive.zip` and select "Extract Here". 7-Zip will automatically locate the other parts.

George Eliot Scholars (split `.aprt_aa` – `.aprt_ac`)

Place all 3 files in the same folder, then:

macOS/Linux:

```
cat backup-georgeeliotscholars.org.zip.aprt_* > backup-georgeeliotscholars.org.zip
unzip backup-georgeeliotscholars.org.zip
```

Windows: Use 7-Zip or run in Command Prompt:

```
copy /b backup-georgeeliotscholars.org.zip.aprt_aa + backup-georgeeliotscholars.org.zip.aprt_ab +
backup-georgeeliotscholars.org.zip.aprt_ac backup-georgeeliotscholars.org.zip
```

Alabama Authors & George Eliot Review (single files)

Extract directly — no reassembly needed.
